

Professional Summary

A Data Science, Analytics, Consulting Enthusiast and Engineering Graduate with around 8 years of S/w development, data analysis, business consulting and delivery experience across FS, Telecom, and Healthcare and Retail.

My goal in KPMG is to help organizations and people, in envisioning, developing and operationalizing innovative business development strategies and solutions through the adoption of a Data Driven mindset. I also help them enable rapid growth scenarios through the power of the technology by moving from Data to Insight to Foresight.

My primary depth areas are Consulting, Analytics, Data Science, Machine Learning, Modern Data Platform, BI and traditional Mission Critical systems.

I've worn many hats in my career—Data Science Consultant, Programmer, Support Engineer, Quality Analyst, Lead . As a result, I have a unique ability to seamlessly integrate business with technology and navigate through complex challenges.

Aspires to pursue a long term career in data science, business strategy, business analytics and consulting.
